Two Men Killed In Head-On Crash

LINDSAY (ENS) — A Toronto man died instantly and an Eagle Lake man died in hospital from injuries received in a two-car head-on crash Friday night on Highway 7, eight miles west of Lindsay.

Dead are Lindsay Richard Victor Child, 34, of 18 Cuddington Ave., Toronto, and Harold Marshall, 21, of Eagle Lake.

In Ross Memorial Hospital in fair condition are Mrs. Victoria Child, wife of the dead man and their 13-month-old daughter Allison.

Police said the eastbound Marshall car was overtaking a car driven by Robert Harrison of 236 Woodale Ave., Oakville, when it collided head-on with the Child vehicle in the westbound lane.

Both cars involved in the accident were wrecked, said police.

Only minor damage resulted to the Harrison car.

The accident occurred about 8 p.m. during a drizzle.

Cpl. Cy Meadows and Const. James Dodd are investigating.

The injured were transported to Ross Memorial Hospital by town and McArthur ambulance.

Autopsies were to have been performed on both victims on Tuesday.

Mrs. Child, 28 years old, received two fractured legs, and extensive cuts to legs and face. The daughter sustained a fractured skull and fractured right leg.

Mr. Marshall died in hospital at 12:45 a.m., four hours after the accident.

$700 Damage In Auto Crash

LINDSAY (ENS) — Damage was estimated at $700 in a three-car rear-end crash Saturday on Highway 35 near Rosedale. Coboconk OPP said drivers of the cars were Peter Granahan of Toronto, George Jacobs of Manilla and David Caister of Coboconk.

John Symonds, 20, of Norland, escaped injury Saturday when the car he was driving left Highway 35 two miles north of Norland, and rolled into a ditch. Damage is estimated at $600.

Graduate Christian Fellowship Meets At Chinook Lodge

The Graduate Christian Fellowship of the University of Toronto, the Toronto area, and the Hamilton area are sponsoring in co-operation with the Inter-Varsity Christian Fellowship of Canada, a week of "relaxation with a purpose at lovely Chinook Lodge on Lake Kashagawigamog. During the week the participants will be considering a number of questions under the general theme, "Faith and Psychology".

Dr. Vernon C. Grounds, a graduate of Faith Seminary with his Ph.D. from Drew University, is the speaker for the morning sessions. Dr. Grounds is president of the Conservative Baptist Theological Seminary in Denver, Colorado. The discussion following each lecture will be chaired by Dr. Clifford Pitt, the Associate Director of Graduate Studies at the Ontario College of Education at the University of Toronto. Dr. Pitt is Chairman of the Board of Inter-Varsity Christian Fellowship.

The afternoons are given over to holidaying and relaxation by the sixty participating adults, many of whom are accompanied by their children.

In the evenings, times of relaxation "with a difference" are planned. Each evening there has been a different program: for example, on Monday, Miss M. Avison, whose book of poetry was chosen as the Governor-General's Book of Verse, read poetry correlating her poems to her experiences; on Tuesday a group of Young People from I.U.C.F. Pioneer Camp came for a campfire and Hootenanny and Sing-Song; on Friday the group will be addressed by Professor Finlayson, Professor of Dogmatics, Free College, Edinburg, who has just concluded a series of lectures on "The Christian Graduate" at the University of British Columbia.

Mr. Wilber Sutherland, Director of the Camp, commended the kindness of Mr. Drake and the staff of Chinook Lodge.

Haliburton County Library System To Be Approved

With the positive vote of the Monmouth Municipal Council, Haliburton County was assured of improved Library Service in 1965.

Eight of the ten municipalities have now approved the establishment of a County Pub-

Car Stolen At Haliburton

Eldon Sibley of Essonville parked his 1961 Austin car beside the C.N.R. Office in Haliburton on Saturday at 4:30 p.m. When he came back to get the car at 6:15 p.m., he found that it had been stolen. The keys to the vehicle had been left in the ash tray.

After an extensive search the car was located at 1:05 a.m. on Sunday morning by OPP Constable Exley 5 miles north of Haliburton on the Harburn road.

According to Constable Exley the car thieves seemed to be out for a joy ride. The vehicle was headed back toward Haliburton when it left the road, jumped over a ditch and ended up in a heavy marsh. Damage to the front bumper was estimated at $75.00.

Damage Slight As Two Cars Collide At Eagle L.

At 7:30 p.m. on Saturday last two vehicles were involved in a collision on the very sharp curve south of the Eagle Lake bridge at Eagle Lake. The first vehicle, a 1956 Chevrolet driven by Fred Woods of Toronto, was proceeding north and the other car, a 1964 Oldsmobile, driven by Linda McConnell was proceeding south toward Haliburton.

The left front corners of the vehicles collided. Damage to both cars was estimated at $75.00 OPP Constable Exley investigated.

Replica Of County Home

We have in our office a scale model of the proposed new Senior Citizens' Home which will be built in Minden.

A building committee under the chairmanship of Mr. Frank Puffer have for many months been working to make the dream of a home for senior citizens become a reality in the County of Haliburton. We have viewed the plans of the new proposed building and are sure that they represent an institution of this kind that will be as modern as anything of its nature in the Province of Ontario.

The plans have received the approval of the Department of Welfare and the next step is to secure a competent contractor, and construction will get underway.

Architects of the new home are Fairfield and Dubois of Toronto.

Two Car Accident On Dover's Hill

An accident occurred on Saturday last at 4 p.m. when two cars collided on Dover's Hill near Haliburton.

The first vehicle, a 1963 Chev., driven by Douglas Bateman of Belleville was proceeding west into Haliburton and was in a collision with a 1948 Chev. driven by John Stuart of Lindsay who was proceeding east out of Haliburton.

The left front corner of each vehicle was damaged. Damage to both cars was estimated at $500.00. OPP Constable Exley of the Haliburton detachment investigated.

James Curry Wins Draw

The winner of the Ski Draw held by Club 35 on August 5th was won by James Curry. We might mention that Mr. Curry has a cottage on Hall's Lake.

Driver Injured When Station Wagon Hits Eagle Lake Bridge

Mr. Norman Higgins of Bay Ridges, Ont., found out on Saturday that it doesn't pay to run into a bridge.

Mr. Higgins was the driver of a 1959 Hillman station wagon that ran into the north side of the cement bridge at Eagle Lake. Before the station wagon came to a halt it had gone the full length of the bridge. The right front fender was ripped off and the front bumper was badly smashed. Extensive damage was also done to the right door. The estimated damage was between $150.00 to $200.00.

Mr. Higgins received several minor lacerations to his right temple.

OPP Constable Exley of the Haliburton detachment investigated.

Rotary Club To Select Name For Lakeshore Sight

President of the Haliburton Rotary Club, Don (Joe) Iles, asked the members at last Thursday's Rotary luncheon to submit ballots with a new name for the improved lakeshore property on the entrance to Haliburton. The local Rotary Club has spent thousands of dollars on this project which was formerly known as the Bannon property.

The new name will be announced after the ballots have been counted in a week's time.

Berkeley Feir, Editor.
Dear Sir:

I would appreciate the use of your medeim to explain the meaning of an item appearing in the Minden Progress August 22nd. As this newspaper only publishes every two weeks, I feel that some comment should appear at the earliest possible date in order to eliminate any unfair or libelous accusations.

The operation of the Minden Community Centre is under the management of Robert Harvey Sr., who's policy is laid down by the Community Centre Board. A set of books are kept by the manager who presents statements to the Board periodically all of which have been in order, a bank account held **in trust** by the manager to the Board was ordered after it was felt a certain amount of risk was involved by carrying money after major events in the Arena over the week-end. Several break-ins have occurred and persons unknown found in the arena after closing also prompted this action.

As the Centre operation involves many activities both on the ice and in the hall, also the

Carl Miller Speaks To Rotarians

Carl Miller, former member of the Harlem Globe Trotters, was the guest speaker at the Haliburton Rotary Club luncheon last Thursday night.

Mr. Miller, who is a secondary school teacher in Cleveland, Ohio, spoke on the integration movement in the United States. His speech dealt particularly with the problems occurring in the northern cities. He told of the many problems facing the negroes to-day and said that above all that education and employment were the biggest problems.

HALIBURTON NEWS LETTER . . .

What started to be a banner tourist season is ending on somewhat of a sour note. Since July 29th we have had anything but ideal weather and a few of our summer guests have left feeling that they might as well be sitting around in their homes instead of a cottage or lodge. However, the weather is something that cannot be helped and the same conditions have existed all over the country.

A guest at Chateau Woodland at present is Miss Marjorie Finch who lived in Haliburton when a very young girl, and whose father was the first Baptist Minister in Haliburton. It will also be recalled that he built the home which is now the residence of Mr. and Mrs. Charles Wise. Miss Finch, who is a missionary, hopes that while she is here, she will have the opportunity of meeting many acquaintances of Haliburton.

CHURCH NEWS

VACATION BIBLE SCHOOL GREAT SUCESS

The ten-day Vacation Bible School held at Lakeside Baptist Church was most successful.

Friday night saw the finale of V.B.S. for another summer when the pupils presented their closing programme. Following the theme "Around the World With Christ", the V.B.S. students from pre-school age to teens showed their parents and friends what they had accomplished and shared with them some of the thrilling experiences they had enjoyed during the course of study.

Following the programme the children displayed their handicrafts and books.

Total enrolment at V.B.S. was 87 with an average daily attendance of 61. All local Churches were represented.

The 25 pre-school children were well instructed and supervised by Mrs. Irene Roberts, Mrs. Stella Walker and Mrs Mary Bird.

Mrs. Phyllis Madill and Mrs. Bernice Schroter were in charge of the primary class of 25 pupils. Assisting them was Miss Karen Henderson.

For the first week the Junior class was under the direction of Miss Maureen Campbell, assisted by Miss Evelyn Ghent. During the last half of the course the Junior class of 19 was divided under the leadership of Mrs. Darlene McElwain and Mrs. Betty Salvatori.

Rev. Smith was in charge of the teen-age class with an enrolment of six.

Mrs. Velma Smith was most efficient in her role as registrar and secretary.

EAGLE LAKE

Congratulations to Mr. and Mrs. David LaPorte (nee Hilda Horsley) who were married in Eagle Lake Community Church on Friday, August 21st. On the previous Saturday evening a group of friends gathered in the Church basement and surprised the bride-to-be with a miscellaneous shower. Those present enjoyed an evening of games and contests, followed by a delicious lunch.

Mr. and Mrs. Jack Mitchell, Bill and Don of Toronto spent a few days with Mr. and Mrs L. Roberts.

Mr. and Mrs. Lee Townsend and children of Montreal have returned home after a holiday with her parents here.

Miss Sharon Swayze of Niagara Falls visited recently with friends in the community.

Mrs. Robert Moore, Scott and Delaine are holidaying in Toronto.

The deepest sympathy of the community is extended to Mrs. Marshall and family in the death of her youngest son, Harold, who died in Lindsay Hospital early Saturday morning as the result of an automobile accident Friday evening. The funeral was held from the Community Church on Monday with burial in Evergreen Cemetery.

Mrs. E. Schroter and Candy have returned from a pleasant holiday in Newfoundland.

Mr. and Mrs. Ross Hainer and children of Toronto spent the week-end with her parents.

A speedy convalescence to Mrs. John Crabbe and to Master John Carnochan who have returned home after undergoing surgery in Lindsay Hospital.

Mr. and Mrs. Gerald Barry and children of Toronto were recent visitors with his parents.

Recent visitors with Mr. and Mrs. George Lawrence have been Mr. and Mrs. Wallace from Saskatchewan and Mrs. Amy Hudson of Peterborough.

A couple of weeks ago we discussed the problem of waste accumulating at unauthorized locations, noting in our article that certain sections of the Public Lands Act and the Ontario Water Resources Commission Act forbid this practice and provide penalties where it has been established one or both acts have been contravened.

Apparently our American neighbours are beset with a similar problem, particularly in Lake Erie, to the point in fact that they have revived and invoked a 66 year old anti-litter law with a view to alleviating the situation.

In the words of the Ohio Division of Parks and Recreation "Littering in Lake Erie and at on-shore facilities has reached a dangerous stage and drastic leasures will be taken by enforcement officials to avert an unwholesome situation".

What are the drastic measures?

Enforcement of the law which provides for fines of not less than $500.00 nor more than $2,500.00 with possible jail sentences of from 30 days to one year.

To help police the situation, their legislation provides that one-half the fine imposed will go to the person reporting the guilty party.

Is this the answer to the same problem in Ontario?

'A SUMMER PLACE'

When I was a kid, the tourist business was in its infancy. Oh, there were quite a few American licenses around in July and August. Everybody thought tourists were a good thing and something should be done about them. A few people with large houses and small incomes like my mother, put up "Tourist Accommodation" signs and were not only flabbergasted but delighted to rent huge, imaculate rooms, with breakfast, for the improbable sum of $2.

But on the whole, the tourist business was just a little extra gravy. The small town drowsed through the summer. The merchants lounged in the doorways of their quiet stores, waiting for 6 o'clock to come around, so they could get home, gulp supper and get to the ball park.

What a difference from the slam-bam thank-you mam atmosphere of the modern tourist town.

Today, the tourist business, for many towns, is not just a little extra gravy. It is the cream in the coffee, the cheese with the apple pie, and the quick holiday in the south during February, along with a lot of other indigestible and useless, but pleasant luxuries.

It is, for many a small town merchant, the difference between survival of the fittest and getting along nicely, thank you.

For merchants, the tourist season is a mixture of exhilaration and exhaustion. The harmonious jingle of the cash register is offset by the discordant scream of aching feet.

It is pure bonanza for the skilled men of town and district. Electricians and plumbers, carpenters and painters, who had a dim time of it all winter, suddenly find themselves courted like courtesans.

Aside from the economic impact, the tourist season has an emotional effect on the small town. When the first visitors begin to arrive, early in summer, they inject a color and excitement into the town, with their different clothes and accents and mode of life.

Old friends drop by, have a little yarn about what they did last winter, and like as not, urge, "Now you be sure and come up to see us at the cottage, y'hear. We'll have a cold one."

The June trickle becomes an avalanche and by mid-summer the whole town is throbbing with this heady addition to its bloodstream. Thousands of cute kids, brown and round. Thousands of their sisters and mothers, in skin-tight shorts and beautiful tans and smoked glasses. Thousands of their fathers, in hairy calves and pot bellies and crazy hats.

By this time you can't find a place to park, shopping takes three times as long, and you can scarcely cross the street for constant, crawling traffic. And by this time the tourist town has almost lost its identity and individuality.

As August nears it end, there is a little sadness in the air. New and old friends among the campers begin heading out of town with their sun-blackened children and their piled-high cars.

When Labour Day arrives, and the avalanche again becomes a trickle, the tourist town becomes a town again, and not just a shopping centre. The citizens slow down, stretch their aching backs, look around and see their friends.

Within a week, they have forgotten the scramble and the rush and the sheer foolishness of making money, and, full of renewed interest in the town and themselves, get down to something serious, like planning a hunting trip, or having a party.

The tourist season is a lot of fun. For the tourists.

Forest Protection Chiefs See Aircraft Manoeuvres

LINDSAY (ENS) — Otter aircraft used by the Department of Lands and Forests in forest protection can pick up 180 gallons of water in about 20 seconds, visiting forest protection officers were told recently.

The 34 visitors spent a week at the Ontario Forest Ranger School at Dorset attending lectures and watching demonstrations of firefighting.

Thomas Cooke, former RCAF pilot, told the officers that when drops of firefighting equipment are made near the scene of large forest fires, the aircraft can usually have an accuracy of 100 feet — providing weather conditions are favourable.

He said when equipment is dropped to the firefighters, two men accompany the pilot and they are responsible for releasing the load at a signal from the pilot. On water dropping missions the pilot makes the drop alone — usually flying no more than 100 feet above the flames.

The beaver aircraft used on these missions can carry about 90 gallons of water a trip. These aircraft can carry about 700 pounds of equipment while the larger Otter can carry 1,100 pounds on long trips and double this on shorter trips.

The Department has 44 aircraft — 33 of them Beaver and 10 Otter. There is also an executive plane. All aircraft are equipped for water-dropping missions, said forest protection supervisor Cooke.

The visiting officers watched a demonstration of Beaver and Otter aircraft dropping equipment.

OBITUARY

The late George MacDonald passed away in his sleep on Monday morning, August 10th. He was in his 75th year, born in the Township of Harburn, son of the late Wm. and Margaret MacDonald. He was married to Margaret Davies who predeceased him in 1946. After their marriage they resided in Harburn, and later in Haliburton to the time of his death.

The deceased was a very quiet man, fond of his home and a good neighbour. He will be missed in the community.

Left to mourn the loss of their loved one are his two daughters, Mrs. Marjorie Hodgson of Haliburton and Mrs. H. Cochran (Muriel) of Indianapolis, Ind.; one son Murray (Ted) of Hamilton; one sister, Mrs. Harry Jenkins (Jane) of Dorset; three grandchildren and five great grandchildren.

He was a lifetime member of L.O.L. 975 and R.B.P. 600, the brethren of which conducted a service for the deceased on Tuesday evening, August 11th.

The body rested at his home until Wednesday, August 12th, then to St. George's Church for service at 2 p.m., conducted by Rev. Carder. Interment was made in Evergreen Cemetery.

Pallbearers were Messrs. Jack Preston, Alfred Allcorn, Lewis Roberts, Wayne Wood, Sidney Roberts and Cecil Winter.

New Postage Stamp To Commemorate Quebec Conference

A new five cent postage stamp to commemorate the 100th Anniversary of the Quebec Conference that led to Confederation will be issued by the Canada Post Office on September 9th, 1964, it was announced recently by the Honourable John R. Nicholson, Postmaster General. The stamp will be the seventh special issue in the 1964 programme.

In announcing the stamp, Mr. Nicholson recalled that it was at the Quebec Conference of 1864 that delegates from the provinces which are now Ontario, Quebec and the Maritimes hammered out the Seventy-Two Resolutions which eventually formed the core of the British North America Act of 1867, Canada's written constitution. The conference was, therefore, one of the milestones on the road of the creation of the Canadian Nation.

The Quebec Conference stamp follows an earlier issue which commemorated the Charlottetown Conference which took place a month previous to the Quebec meeting and at which some agreement had been reached on the principle of a federal union. The Quebec Conference lasted from October 10 to October 27 and saw many political and economic obstacles to Union removed.

The design of the stamp — a hand holding a pen and a maple leaf — symbolizes the reaching of agreement among the various provinces leading to nationhood. The stamp is being printed in red and brown by the steel intaglio process. Designer of the stamp is Philip Weiss of Ottawa, who also created the original concept of the Charlottetown Conference stamp and has a number of other Canadian stamps to his credit.

A total of 18 million stamps will be printed.

We Need All Year Round Business

Another summer tourist season is drawing to a close. For some resort operators, it was a good season, while others tell us that their business was down.

The weather conditions in July were good, but the month of August has seen below normal temperatures that hurt the local tourist industry. Weather conditions didn't hurt the local merchant as people came to town to shop on wet and cold days.

In Haliburton County, we must face the facts that we can no longer survive on a good month's summer business. We must look to the future with our eye on the all year round business.

We have the potential here for good winter sports and we can't afford to pass up anything that will help us to reach this end.

Thanks To The Rotary Club

Everyone who drives into Haliburton these days remarks on the beautiful landscaping work that has been done by the Haliburton Rotary Club along the lakeshore from the new bridge past the High School to the first crossing.

The directors of the Rotary Club tell us that the club is planning to spend more money this year in landscaping more of the lakeshore property. All one has to do is to look around the village of Haliburton to see the projects that have been completed by the Rotary Club. At the present time the Club is conducting a contest with its members to rename this lakeshore property.

The Festival Of Colour

The Haliburton Highlands Chamber of Commerce has announced that the Festival of Colour will be held this year from September 25 to October 12. Brochures are going out from the Chamber of Commerce Office in Minden and the Haliburton Rotary Club are sending out brochures re their annual Skyline Park Colour Photo Contest.

There will be plenty of activity for everyone in the Highlands for the Festival of Colour with events on at Highway 35, along 121 and out in the eastern section of Gooderham, Harcourt and Wilberforce. Each and every year more and more people are coming back to the Highlands to view the colourful scenery.

The natural beauty of the Highlands is unsurpassed at any season of the year, but in the Autumn, the golden blaze of our fall forest leaves a lasting impression on all visitors. The woods, hills, valleys and waterways are a riot of gorgeous colour, changing in beauty from day to day. Breath-taking scenes unfold before the eyes of all who like to go exploring, and the ever-changing picture is a challenge and a joy to the colour photographer and artist alike.

LETTERS to the EDITOR

Gelert, Ont.

Haliburton County Echo

Dear Mr. Editor:

Being a reader of your most interesting paper and also a ball fan, I would like to add my view as to some of the games which are being played, having read in your paper which stated Minden had no trouble of disposing of the Snowdon Combines. This is very easily done in any ball game where the Umpire fails to see a play which may hurt their local team.

A ball game, as I can see them, will depend on where they are played, as a home team always have their local Umpire and some of these should make an appointment with an optometrist without delay as there are many ball fans who are disgusted with the decision of some of the Umpires on the plays which take place.

If you follow up on the games, you will see Snowdon Combines always make it second best regardless of their playing ability and the fact they have to call on players from all over the Township in order to have enough players.

Ball games are for sport and entertainment, so Umpires, make an honest decision regardless which team wins.

Sincerely,
A disgusted ball fan,
R. PEACOCK

There's a two weeks' holiday in Australia waiting for two Canadians. This is the prize in the "Australian Holiday" contest being conducted in association with the Australian pavilion at the C.N.E. this year.

The contest has been organized with the co-operation of the Australian canned fruits industry, leading Australian airlines and hotels, and the Australian National Travel Association. Contest winners will see Australia's tropical tourist playgrounds; its large, fast-developing cities; its wide open spaces and its native flora and fauna reserves. Winners will be flown to New York and there connect with a Quantas V-Jet airliner for Sydney. Three days of the stay will be spent on the tropical playground of Hayman Is.

IN THE MATTER OF THE MUNICIPAL ACT and IN THE MATTER OF A PROPOSED BY-LAW OF THE MUNICIPALITY OF THE TOWNSHIP OF SNOWDON FOR STOPPING UP AND CLOSING PART OF THE OPEN ROAD ALLOWANCE BETWEEN LOTS 10 and 11, CONCESSION XIV. FOR THE TOWNSHIP OF SNOWDON AND EXCHANGING THE SAME FOR PART OF LOT 10, CONCESSION XIII. FOR THE TOWNSHIP OF SNOWDON.

NOTICE IS HEREBY GIVEN, pursuant to Section 462 of the Municipal Act, that the Township Council of the Municipality of Snowdon proposes to Consider and, if deemed advisable, to Pass at its Regular Meeting to be held at the Council Chamber, Gelert, in the Township of Snowdon in the Provisional County of Haliburton, on Thursday, September 10th, 1964 at 7:30 o'clock p.m. a By-law to Stop Up and Close:

THAT portion of the open road allowance between Lots 10 and 11, Concession XIV, in the Township of Snowdon, more particularly described as follows: ALL AND SINGULAR that certain parcel or tract of land and premises, situate, lying and being in the Township of Snowdon in the Provisional County of Haliburton, and COMMENCING at an iron bar planted in the Easterly limit of Lot 10, Concession XIV distant 3096.4 feet measured northerly thereon from the south-easterly angle thereof;
THENCE North 54 degrees 22 minutes East 68.25 feet to an iron bar planted;
THENCE North 20 degrees 52 minutes West 142.3 feet to an iron bar planted;
THENCE North 28 degrees 47 minutes 30 seconds West 66.5 feet to the present high water mark of Canning Lake;
THENCE South-Westerly along the said high water mark to a point where the same is intersected by a line drawn through the point of commencement on a course of North 20 degrees 52 minutes West;
THENCE South 20 degrees 52 minutes East 185.8 feet to the point of commencement.
SAVE AND EXCEPT thereout and therefrom that portion of the original allowance for road 66 feet in perpendicular width laid out along the shore of Canning Lake, contained within the hereinbefore described parcel. Which said parcel or tract of land may be further illustrated outlined in red on a plan of survey by H. C. Bishop, O.L.S. dated January 20th, 1964.

And Exchange the above for:

A road allowance 66 feet in width over part of Lot 10, Concession XIV. of the Township of Snowdon, more particularly described as follows:
COMMENCING at an iron bar planted which is distant 306.32 feet measured on a course of South 69 degrees 08 minutes West from an iron tube planted in the Easterly limit of the said Lot 10 distant 2859.8 feet measured Northerly thereon from the South-Easterly angle thereof;
THENCE North 69 degrees 08 minutes East 306.32 feet to an iron tube planted in the Easterly limit of the said Lot 10;
THENCE North 20 degrees 52 minutes West along the aforesaid Easterly limit 66.0 feet;
THENCE South 69 degrees 08 minutes West 247.4 feet;
THENCE North 27 degrees 29 minutes West 119.46 feet to the present high water mark of Canning Lake;
THENCE Westerly along the said high water mark to a point where the same is intersected by a line drawn through the point of commencement on a course of North 27 degrees 29 minutes West;
THENCE South 27 degrees 29 minutes East to the point of commencement.
Which said parcel or tract of land may be further illustrated outlined in red on a plan of survey by H. C. Bishop, O.L.S., dated January 20th, 1964.

The purpose of closing the above-mentioned portion of the original open road allowance between Lots 10 and 11, Concession XIV. of the Township of Snowdon is to permit the exchange of this land for an alternative road allowance to Canning Lake.

AND TAKE FURTHER NOTICE that before Passing the said By-Law at its Meeting to be held at the time and place above-mentioned, the Township Council of the Municipality of Snowdon, shall then and there hear in person or by His Counsel, Solicitor or Agent, any person who claims that his land will be effected by the said By-law and who applies to be heard.

DATED at SNOWDON this 6th day of August, A.D. 1964.

SIDNEY JENNINGS, Township Clerk.

Ontario Fodder Transport Assistance

OTTAWA — Agriculture Minister Harry Keys recently announced that the Federal Government will share on a 50/50 basis t he transportation cost paid by the Ontario Government on the movement of fodder into drought stricken areas of Ontario.

The announcement followed consultation between officials of the federal and Ontario governments.

The drought areas to which the program will apply will be designated by the Ontario Government, which will be administering the aid program.

Fodder crops in certain sections of the province have been sharply reduced following a severe winter, late frosts, and unusually low rainfall.

Rotary News

The Haliburton Rotary Club held their weekly luncheon at the United Church last Thursday night with five members absent and 16 guests in attendance.

Secretary Jack Robertson read an advance letter from the Rotary Club of Oshawa, inviting the local members to a friendship day in Oshawa in the very near future. A letter was also read from District Governor, Arthur J. Grout, explaining the upcoming attendance contest which will be held in District 701 to raise attendance. Haliburton has been matched with Barrie.

One birthday was on the menu and that was Russell Dart. He was presented with a birthday present from Birthday Chairman Dick Clarke.

Vance English and Lloyd Moore were brought before Judge Bill Emmerson to pay their fines for being caught without their Rotary Hats.

It was decided to give a prize to the winner of the "Name the Bannon property Contest".

The following joke appeared in this week's Highland Rotooter:

A lowly cub reporter was assigned to cover the class plays at the local high school. He came in for his share of literary fame with this write-up: "The auditorium was filled with expectant mothers eagerly awaiting the appearance of their offspring!"

Lands And Forests Report

USE OF LAKEFRONT A MATTER OF COMMON COURTESY

This Department frequently receives complaints from cottagers who feel that unwarranted use is being made of the water immediately in front of their cottages by others on the lake.

The complainants, of course, wonder what their position is in such circumstances and what rights they have to such water.

At the outset we must state the water is Crown owned, which means it belongs to the public, therefore the cottage owner in fact holds no exclusive right to occupy the water fronting his cottage property.

It is, however, a generally recognized matter of common courtesy that he will enjoy the almost exclusive right to this water. Sometimes for example a cottager finds he must pass in front of his neighbour's cottage in order to reach his own location. The thoughtful cottager will limit such trips and time them so they least interfere with his neighbour's enjoyment of his cottage facilities.

The erection of boathouses and docks (both of which must be approved by this Department)) should also be located so as to least conflict with neighbouring cottagers' use of the water.

The same rule of courtesy applies to the use of the 66 ft. shoreline reserve, where this exists around the lake.

Co-operation, courtesy and consideration are the secret of happy, congenial, coexistence in a summer cottage area where the land and water must be enjoyed on a communal basis.

Careless Driving Costs Youth $300

MINDEN (ENS) — Lyle Kent, 18, of Minden, was fined $300 and costs, and had his drivers licence suspended for six months, upon conviction last Tuesday of careless driving.

Magistrate C. W. Guest dismissed a dangerous driving charge against Kent.

Damage to three parked cars and the Kent car in the Main St. accident June 6 was estimated at $2,500. Court was told the parked cars struck by Kent were owned by Phillip Finlay, of Tory Hill, Arthur Tennyson, of Toronto, and Louis Densen, of Willowdale.

George Winder, 16, of Gooderham, was given a one-year suspended sentence and placed on probation for breaking, entry and theft of the Barr General Store at Gooderham. Goods valued at $150 were taken in the break-in, court was told.

Michael Jackson of Toronto was fined $50 and costs for careless driving. The charge arose following an accident near Minden July 26.

Donald Sisson, 17, of West Guilford, was assessed $200 fine upon conviction of careless driving charge. He was driver of a car involved in an accident on Highway 530 late last month.

VI-KO

the amazing latex outside house paint that comes in 1322 colors

VI-KO outside house paint goes on smoothly yet leaves a vinyl co-polymer film of amazing toughness. That means no blistering, no peeling. Brush it on. Roll it on. Spray it on. One gallon of VI-KO covers 400 sq. ft. It cleans up in a jiffy with water alone. No solvent. No thinner.

In less than an hour it dries to a beautiful low sheen you'll be proud of for years.

If you're covering bare wood, or a badly-weathered surface, be sure to use new VI-KO latex primer. It assures maximum one coat coverage with VI-KO house paint.

Every can of VI-KO outside house paint and primer carries a money-back "Performance Guarantee". It says, in part: "... if the user fails to receive complete satisfaction ... the full purchase price will be refunded". See your nearest Flo-glaze Colorizer dealer. Look through his Colorizer album. It contains the largest selection of colors in Canada—1322.

booth operation, the small items of expenditures are handled by the manager after which monies and accounts are turned over to the Treasurer of the Board. Some of these items are transferred to the Municipal Recreation Committee when applicable. This procedure has been carried out for several years with the knowledge and sanction of Mr. Maddocks, Field Representative. Community Programmes Branch, Department of Education. The Committee realizes that these major accounts should be handled by the Clerk-Treasurer of the Township and are working toward this arrangement. However, in the past, the Township Auditors have audited the books and have enclosed a letter stating that although the accounts were not handled by the Clerk-Treasurer, they feel the operation has been handled satisfactorily by the Board in full accordance with the Policy of the Department.

It would appear from the letter received from Eakins and McDonald, that some misunderstanding and misinformation was given them when asked to audit the books this year. It is unfortunate that Council and Committee did not have time to discuss this situation and clarify the contents of the letter before it reached the hands of the Press, as some embarrassment has been experienced unduly.

Thank you for this opportunity,

Respectfully,

ROBERT J. HARVEY, Chairman,
Minden Recreation Committee.
